Fifth District—HURON SMITH, of Sheboygan. Sixth District—J. V. JONES, of Winnebago. Seventh District—H. L. HUMPHREY, of St. Croix. Eighth District—THAD. C. FOUNDS, of Chippewa.

SENATORIAL

For State Senator—Seventeenth District—HAMILTON RICHARDSON, of Janesville.

ASSEMBLY

First District—R. J. BURDGE, of Newark. Third District—WILLIAM GARDNER, of Bradford. For Sheriff—JOHN J. COMSTOCK, of Janesville. For Register of Deeds—CHARLES L. VALENTINE, of Janesville. For County Treasurer—WILLIS MILES, Town of Janesville. For County Clerk—SYLVESTER MORGAN, of Lima. For District Attorney—JOHN W. SALE, of Janesville. For Clerk of the Court—A. W. BALDWIN, of Milton. For County Surgeon—EDWARD RIGER, of Janesville. For Coroner—WILLIAM TAYLOR, of Fulton.

THE OUTLOOK IN THE COUNTY.

There comes from the various portions of the county the news that the Republicans are alive to the importance of the questions involved in the campaign. The opposition are at work, but the falsity of their position and the disagreement among them as to how far they shall go with their Greenback theory, operates against them. As a party they stand on no common platform, they hold principles on which they are not and can not be united. Their ends and aims are not identical. They clamor for reform, and they are ignorant as to what that reform shall be. They ask for more money and they don't know why they ask for it. They want cheap money and they do not know the meaning of the term, or if they did they would abandon the crazy so-called Greenback movement. Their leader in this Congressional District, Charles H. Parker, has no solid platform on which to stand. He has endeavored to adopt three platforms, and tries to put a foot on each, and how ridiculous the attempt. Thus divided and broken up the so-called Greenback party of Rock county is but an organization of a day. The leaders use the name thinking thereby they can get into office, but the intelligent voters of the county, the Republicans who first gave the country the greenback and who propose to stand by it now, and the honest money Democrats, will see that the machinations of such men shall not succeed. The Republicans as a party are opposed to what is called the Greenback movement, because its object is to make the rich man richer and the poor man poorer. The Republicans are opposed to making the workingman, the mechanic, or the farmer, take a paper dollar which is not a dollar, and never can be. They are opposed to debasing the present 688 millions of paper money, and are opposed to the scheme of robbing the greenback of its gold value. They want no more continental paper or confederate scrip. They stand up for a public faith unshaken, for a national credit unshaken, and for a speedy and full restoration of public confidence, for a financial policy which shall be settled once and for all, that good times may quickly return.

These are the principles of the Republicans of Rock county, and on these they are united and strong. Those who firmly stood by the old doctrines of the party can't afford to abandon them now. The issues are not less important now than then. They are on the same level. Those who were Republicans in 1860, should be Republicans to-day, and as they fought for freedom then, fight for a constitutional currency now. Every member of the party should take upon himself the task of using his influence for the success of the party which means the election of every candidate on the ticket, from Congressman down to Coroner.

The editor of the City Times, like many other Greenbackers, don't understand the National bank question. He thinks the present banking system is a heavy expense to the country, and supposes that if it were abolished, the Government would pay no interest on the bonds the banks now have deposited to secure their circulation. This ridiculous idea has entered the minds of a good many Greenbackers. The truth is, the Government would have to pay the interest on the bonds no matter who held them, unless they were repudiated. But for the sake of argument, suppose the banking system were abolished, would that be a benefit to the people? Not at all. It would be an absolute loss. Why? Because the Government would be compelled to pay the interest on the 350 millions of bonds, and would lose annually 17 million dollars in taxes which the banks now pay. Therefore, aside from destroying a banking system which is incomparably safe, the people would lose each year, seventeen million dol-

O'Leary is keeping up his walk but merely as an exhibition of speed and endurance. The score stands, O'Leary 376, Hughes 302. The gate receipts have amounted to \$9,700.

MEMPHIS, Tenn., Oct. 4.—Death continues to stalk abroad in our midst. Notwithstanding the expressed opinions of the learned men who say the fever is abating, it would be somewhat difficult to figure out how, when and where the abatement comes in. Yesterday there were 138 new cases reported. This looks more like a spreading of the disease, when contrasted with the eighty-two cases reported the day previous, and the death rate does not show a material decrease. If it falls below thirty one day, it is certain to exceed that number the following one, and so it does on a regular basis. A feeling prevails among those who have thus far escaped, and your correspondent is classed with the small band, that, having run the gauntlet for sixty-four days unharmed, there are only twenty-six days left for them to fall victims to the plague, as by the 1st of November it is reasonable to suppose all danger will have been passed.

NEW ORLEANS, La., Oct. 4.—Deaths during the past twenty-four hours, 54; new cases, 203. Total cases to date, 10,218. Total deaths, 3,060.

A Mathematical Prodigy.  
Gilbert Miller, a lad 9 years old, living at Keokuk, Iowa, has recently exhibited most remarkable powers in mathematics, being able to give answers to difficult problems with scarcely any hesitation. He is a strong, hearty boy, not over fond of school, and differs only in this one respect from children of his age. His parents are averse to any display of precocity, and will not allow him to be questioned. But enough has already been elicited to show his wonderful faculty. He probably inherits this gift from his father, Prot. Miller, of the Keokuk Mercantile College, who has long made a specialty of rapid commercial calculation. We here present a few examples given recently to the lad as a test. The answers were forthcoming at once, without any apparent effort.

## NOTICE OF PROPOSALS

For the Construction of Water Works.

JANESVILLE, WIS., Sept. 30, 1879.  
Ordered, by the Mayor and Common Council of the city of Janesville, Wis., that the City Clerk be and is hereby instructed to advertise in the Janesville Daily Gazette, Daily Recorder and City Times, once in each week for at least one month from the date hereof, for proposals to furnish the city of Janesville with a good and sufficient supply of water for fire and domestic purposes, to the extent of one hundred and twenty-five double hydrants; that the water shall be capable of supplying at least three (3) million gallons of water per day and shall have sufficient head or force to throw the water to the highest point of the city; that the company or corporation, individuals or individual constructing the works shall lay at least twelve miles of main pipe, of which 1,600 feet shall be sixteen inches in diameter; 7,600 feet twelve inches in diameter; 3,000 feet ten inches in diameter; and 2,000 feet eight inches in diameter; 12,000 feet six inches in diameter; and 10,000 feet four inches in diameter. All the works constructed shall be of a substantial character, and at completion subject to be purchased by the city at an agreed price, or may be purchased by the city at the expiration of five years at a price to be established by arbitration. The parties constructing the works to select one arbitrator, the city to select one, and the two selected a third disinterested party, the city reserving to itself the right to reject any and all bids made.

In pursuance of the above Order I will receive proposals for the construction of Water Works in this city to conform with the terms and specifications thereon contained. J. M. BURGESS, City Clerk.

BRIEFLETS.

Hon. C. G. Williams will stir up the Beloit folk to-night.

Hogswives are putting up fruit to be put down next winter.

There will be no services and no Sunday school to-morrow at the Court Street church.

A cheap way to take "a trip" is to stumble over one of the loose planks in the sidewalk.

Hon. J. R. Doolittle has declared his intention of giving Janesville a talk on the 25th instant.

Mr. W. C. Whelock returned last evening from South Bend, Indiana. He stopped over in Milwaukee and attended some of the missionary meetings.

C. W. Baker received the glad tidings this afternoon that his application for a patent for improvement in tables and book racks had been granted. He expects to find the door of wealth now open.

Mr. George Steele, the advance agent of Burr Robbins, writes that the show will ship from Sioux City to Lena, Ill., and will drive from there home, arriving in this city about the 23rd of this month.

Mrs. H. A. Smith started for Portage this afternoon where she will sing in one of the churches to-morrow, and Monday evening will take a prominent part in a concert to be given there for the benefit of the yellow fever sufferers.

Rev. T. P. Sawin reports the meeting of the American Board of Missions in Milwaukee, as a grand success in all respects, and to-morrow morning will give his people the benefit of some of the facts and thoughts gathered there by him.

"How light a cause doth move the heart that lives." The conductor of one of the wheelbarrows carrying mortar to a new building, became so sad at the thought that his cow was locked up in the pound that he got drunk and lost a full day's wages.

Big boys are allowed to play the rubber for hot shins, but little boys who use rubber for slings, and thereby break other folks windows and heads are to be at once placed behind the bars. Boys must wait patiently until they grow to a proper size.

The colored preacher Rev. N. Seales has been to conference and has been assigned to work up the interests of the African Methodist church in this city and vicinity, and is on hand ready to go on with the work already commenced by him.

Mrs. Abby Sage Richardson has returned from her continental tour and will enter the lecture field soon. She expects to be in this vicinity sometime in November and the Mutual Improvement Club will endeavor to engage her to deliver in this city her new lecture on "Hard Times."

Rev. Mr. Jones' lecture to-morrow night is preparatory to the fall work of the Mutual Improvement Club, and dedicated to them. The programme of the winter's work is already arranged, and will be soon made public. It will embrace mainly, it is understood, a study of female authors and artists.

Some of our citizens went to Emerald Grove last evening to satisfy their curiosity as to what sort of talk Stewart was dealing out to the people. The promised speaker for some unknown reason was not there, neither was Parker, but Wooster, of Clinton, came to the front with a three-hours' talk, which did not seem to inspire any marked degree of enthusiasm.

The funeral services of Mrs. H. A. Stone took place this morning and were conducted by Rev. J. L. Jones. Many sympathizing friends were in attendance. The remains were taken to Darien for interment, Mr. and Mrs. Stone having resided there for years. Unfortunately their son living in Plattsmouth, Nebraska, was unable to reach here in time for the funeral, and hence the statement that he had already started for this city was a mistake.

The thermometer at 7 o'clock this morning stood at 52 degrees above and at 2 o'clock this afternoon at 64 degrees above. Cloudy. One year ago today at corresponding hours the thermometer stood at 38 and 52 degrees above.

The indications are for the lake region, southeast to southwest winds, warmer, partly cloudy weather, rising followed by falling barometer.

OFF THE BAT.

Another exhibition game was played by the Milwaukeees and Chicagoes yesterday. The latter won by 10 to 7. Weyer's arm was lame and Morgan pitched for the Milwaukeees.

The Cincinnati defeated the Forest City of Cleveland, yesterday, 10 to 2.

The Boston got revenge yesterday, defeating the Buffalo 4 to 1.

ARMING THE VETERANS.

Some few weeks ago Captain Baker, of the Janesville Veterans received word from the State authorities that no arms would be issued to the company until they procured uniforms. No such conditions having been demanded of other companies organized about the same time before, Captain Baker laid the matter before the Governor, and it has now been decided that arms are to be sent to the Veterans without any such condition. The Veterans have, however, taken steps toward uniforming, which they intend to do in any event, and have ordered enough for forty men, and will soon be both armed and uniformed.

A BIG YEARNING.

Mr. James H. H. of Stockman, Hamilton county, Nebraska, called at our office yesterday, and invited us to step to the door. He said he had a yearling colt to show us. It was a Clydesdale and was one year old on July 4th, and weighed within a few pounds of 1,300. Mr. H. had come all the way from Nebraska for the colt. He informed us when the colt reached here it would cost him four hundred dollars. The colt was bred by Wm. Menzie, of Harmony, and was sired by the McWay horse. Mr. Menzie raises a good many draft horses of the Clyde breed, and never

fails to sell his stock at good prices. Not long ago he sold a pair of young mares for nine hundred dollars. Who says it does not pay to raise good horses?

BREAKING CHINA.

Chang Wing Ling Robbed of a Large Amount of Money.—A Bold Burglary.

When Chang Wing Ling, the laundryman, opened his almond eyes this morning, he was filled with consternation to find that thieves had broken through during the night and carried off a goodly share of his worldly possessions. It appears that while he and his partner were sleeping soundly, having worked long and hard the day before, some slick burglar slyly raised the rear window, crawled in, took the washee's trunk from under the foot of the bed, and carried it out into a rear hallway, where it was ransacked. The clothes and trinkets contained therein were scattered about and some bundles of greenbacks which had been hidden in the bottom of the trunk were found, and carried away. Chang says there was about \$140 in money which he was thus robbed of. The loss is a serious one to him as he says he has been about a year gathering it together by hard work at the tub and the table. Whoever took the money must have watched the habits of the laundrymen closely, and known where it was hidden, as nothing was disturbed except what was necessary in order to get into the room and gain possession of the trunk. No clue has yet been obtained to the burglars.

FILES OF NEW GOODS.

Mr. Bostwick, of Smith & Bostwick, has returned from the East where he has been buying goods, and as a result of his trip, boxes, bales and bundles are tumbling into their store at a lively rate, and are being arranged conveniently for handing the goods out to the crowd of customers who throng the counters. Their stock is now the largest and best which they have ever put in, and the prices are being marked low enough to satisfy even the worst grumblers. Among the special stocks which they are now receiving is a large variety of carpets of the latest patterns and best make. Their stock of shawls and cloaks is also noticeably full and varied, and all the ladies should step in and look them over. There seems to be no end of the new dress goods which are arriving, and in the line of flannels there is also the largest stock ever received. They have flannels, both white and red, of the Amans Society's make, which is the best in the market. Smith & Bostwick are also receiving a very heavy line of black silks and black cassimeres in which particular bargains are offered. In mourning goods they have some new French all-wool crape, which is the handsomest yet brought out. The shelves and counters are in fact loaded with new goods which should be seen to be appreciated.

THE \$1,400 ROBBERY.

Recently a gentleman traveling on the Milwaukee & St. Paul, or the Northwestern railways, was robbed of one thousand and four hundred dollars, the supposition being that the money was taken at Milton Junction. Detectives were put on the track of the robbers, and the result may be known from the following letter which Sheriff Colley received yesterday from Milwaukee, sent from the Metropolitan Detective Agency:

MILWAUKEE, Oct. 4, 1913.

Sheriff Rock Co., Janesville Wis.

DEAR SIR:—Do you know of any one having \$1,400 stolen recently from him on the Prairie du Chien, or Chicago & North-western R. R.? We know all about the robbery, but do not know the man from whom it was taken. Yours truly,

BARRY & McDONALD.

The man robbed evidently concluded there was little hope of recovering the money and did not put himself in communication with the detectives. Judging from the tone of the letter, the money has been recovered, and his name and whereabouts are wanted.

ARMSTRONG, THE READER.

Mr. C. Dale Armstrong, the well-known elocutionist and ventriloquist, will give one of his unique entertainments at the Baptist church in this city Wednesday evening October 9, the programme embracing readings, impersonations, ventriloquism, and mimicry, and promising to be a choice, refined entertainment well-spiced with mirth. A press notice humorously says of him that he can talk all the way from his boots to the upper story of his hat, to say nothing of intermediate miracles in the region of the waistcoat. The entertainment will be a rare treat of its kind and the tickets have been placed within the reach of all, the price being only twenty-five cents for adults and fifteen cents for children.

SAD FATALITY.

Many in this vicinity were shocked to learn a short time ago that C. W. Phillips, one of Delevan's prominent citizens, who was also well known here, had committed suicide. The sad news now comes that his wife is lying at the point of death, and one of his daughters, aged about thirteen years, died yesterday morning from the effect of convulsive spasms superinduced by the sad death of her father. The community in which the family live is greatly stirred by the suddenness with which these events have crowded upon each other, and many here will join in extending sympathies to the surviving members of the family.

LET THERE BE LIGHT.

All the lamp-posts in the city have had their heads taken off, there being some of the glass broken and other repairs being necessary, although they compared favorably with the street lamps in most other cities. They are to be made as good as new, and the improvement will doubtless be appreciated. Rogers and Hutchinson are painting them neatly, and when repaired and put in place, as they will be before the moonlight evenings are past, the street lamps will be in the best possible condition.

Parents who have the Harris & Smith lamp in their houses feel that their children are safe from danger.

PROGRAMME OF PIETY.

The Services at the Churches To-morrow.

The following notices concerning the religious services to-morrow have been handed in for publication:

LOCAL MATTERS.

Ladies and Gentlemen will always find the nicest and cheapest Box and Staple Stationery in the city and Sutherland's Bookstore, No. 29 Main street.

An Undeniable Truth.

You deserve to suffer, and if you lead a miserable, unsatisfactory life in this beautiful world, it is entirely your own fault and there is only one excuse for you,—your unreasonable prejudice and skepticism, which has killed thousands. Personal knowledge and common sense reasoning, will soon show you that Green's August Flower will cure you of Liver Complaint, or Dyspepsia, with all its miserable effects, such as sick headache, palpitation of the heart, sour stomach, habitual constipation, distention of the bowels, nervous prostration, loss of spirits, etc. Its sales now reach every town on the Western Continent and not a Druggist but will tell you of its wonderful cures. You can buy a Sample Bottle for 10 cents. Three doses will relieve you. It is decided—worthwhile.

Fever and Ague Cured for 50 Cents.

Dr. Swayne's Fever and Ague Pills, (without calomel or quinine), are a quick and sure cure for every case of fever, intermittent and remittent fever, and all diseases having their origin from Malaria. They are a great tonic and preventive as well as cure of all complaints peculiar to malarious, marshy and miasmatic districts. They act on the liver, and brace up the system to a vigorous healthy condition. Notwithstanding these pills are sold for one-half the price that other ague cures are sold for, yet we will warrant them as effective in all cases as any pills or mixture, let the price or compound be what they may, and being entirely free from all minerals, their use leaves no bad effects, as in the case of many other remedies. Sent by mail to any address on receipt of price, (in currency or postage stamps), 50 cents a box, three boxes \$1.25, six boxes \$2.50. Address letters, Dr. Swayne & Co. 330 North Sixth St., Philadelphia.

Beyond the Reach of Human Skill.

Is the power to restore the hair to bald heads when the bulbs at the roots are destroyed by age or disease; but there are doubtless many persons becoming bald, whose hair by careful attention might be restored to its original luxuriance and beauty. Parker's Hair Balsam is an elegant preparation, designed to meet the public want for a hair less hair dressing and restorative. It acts like magic, commencing at the very roots, removes dandruff and all humors from the scalp, and never fails to restore gray or faded hair to the original color, and the soft, rich and glossy appearance of youth. By its occasional use, falling of the hair is immediately checked, and a luxuriant and beautiful growth of young hair induced. The exquisite perfume and the purity of its composition are highly appreciated, and as it is not a dye and does not stain the skin or clothing, it is a growing favorite of the toilet table everywhere. Buy a bottle from your druggist A. J. Roberts, Janesville, Wis., and test its merits. Jy30decdwly-3

ITCHING PILLS.

The symptoms are moisture, like perspiration, intense itching, increased by scratching, very distressing, particularly at night as if pin worms were crawling in and about the rectum, the private parts are sometimes affected; if allowed to continue, very serious results may follow. Dr. Swayne's All Healing Ointment is a pleasant sure cure.

HOME CURS.—We were great sufferers from itching Piles, the symptoms were as above described; the use of Swayne's Ointment in a short time made a perfect cure.

J. W. CHRIST, Boot and Shoe House, 331 N. Second Street.

T. C. WELSHMAN, Hatter, 8 South Eighth Street, Philadelphia.

Reader, if you are suffering from this distressing

ing complaint, or Tetter, Itch, Scald Head, Ring Worm, Barber's Itch, any Crusty Scaly Skin Eruption, use Swayne's Ointment and be cured. Sent by mail to any address on receipt of price, (in currency or postage stamps), 50 cents a box, three boxes \$1.25. Address letters, Dr. Swayne & Co. 330 North Sixth Street, Philadelphia. No charge for advice. Sold by leading druggists. Jy30decdwly-3
